Testimonials

"I booked David for 3 half days initially, then for half a day per month for a period of 6 months. David is a cross between a business partner, mentor and a no nonsense performer. His sound advice and guidance has given me the knowledge to grow my business with the confidence to explore new opportunities. My business turnover has literally doubled within a 12 month period. I can honestly say that David's advice has been absolutely invaluable to my business"

A Bennett

"I had already been on a training with David in 2001 in relation to investing in property and over the years I have done exceptionally well. Over the past couple of years my property business had started to stagnate as the property prices kept on increasing and more and more investors were coming into the market. This being the case I was looking for additional streams of income and booked a workshop on trading. To be frank I can't believe that I waited for so long to learn about the Financial Markets. Now that I have I wish I'd done it at the same time I learned about property. David's an exceptional teacher."

A Littlewood

"I have met no one with the depth of knowledge and the experience that David has."
